ABOUT ME

Creative and Flexible Computer Engineering Student with Expanding Expertise in Software Development and Contemporary Web Technologies. I work as a part-time employee at Köstebek Teknoloji, developing Jira plug-ins and working on real-life projects. I try to integrate my theoretical knowledge into its practical application and am very interested in new technologies like AI and Quantum Computing. I am a great team player, an individual with superb communication skills, and dedicate myself to the advancement of web technology.

EXPERIENCE

Part-Time Software Developer

August. 2024 – Present

Summer Intern

July. 2024 – August. 2024

Köstebek Teknoloji | Istanbul, Türkiye
